Romantik Hotel

Die Krone von Lech

★★★★★

So comfortable

"Everything simply is in perfect balance, so stylish, yet casual at the same time, so natural, personal and always high-quality. It is just such a pleasure to be a guest at Krone."

This about describes how our guests feel during their stays in our tradition-steeped hotel. This comfortable feeling of being someplace familiar, being welcome and having arrived, is something we create through our guest-friend relationship; through our authenticity, our attention and our generosity that is reflected in the comforts we offer. From the regal breakfast in a morning that may well extend all the way to lunchtime, to small talk that may well turn into intense conversations at the bar, where a night may well turn into another day's vacation at Krone.

Experience this wonderful feeling. We look forward to making your holiday the most comfortable experience imaginable.

The Krone breakfast: *regal*

Get up and treat yourself - or let yourself be treated - to delicacies from the breakfast buffet (à la carte menu after 10am). Look at how beautifully everything is presented and enjoy the heavenly smells: freshly roasted coffee, baked goods just out of the oven, freshly pressed oranges. Your favourite egg dish sizzling away in the pan while you create your personal smoothie. Pancakes and waffles (in summer upon request). Champagne on Sundays. What a cheerful, wonderful morning.

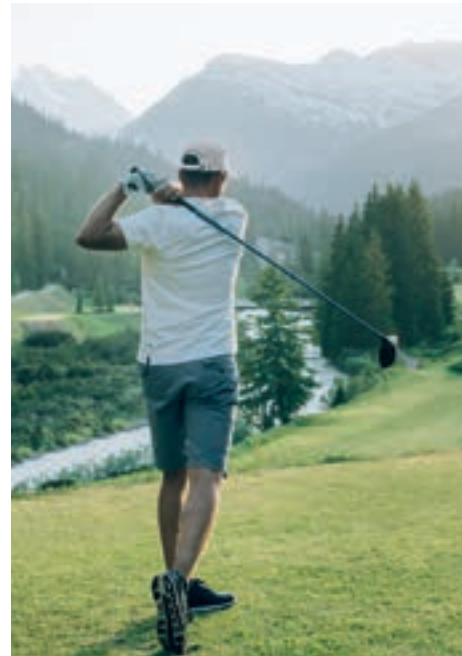

The Krone mountain summer: *stunning*

In the majestic, mountainous landscape above 1450 altitude metres, hiking is wholesome (and healthy). A battery-powered bike ride up the mountain is always a smooth affair. And playing on the Alps' highest golf course makes the game even more fun. Whatever type of exercise you choose during your mountain summer, the stunning panoramic views, horizon-spanning Omeshorn vistas, green pastures and refreshing mountain lakes are all so beautiful they make you want to fall in love. And get married, or celebrate some other occasion. Which is even more beautiful when it's done at The Krone.

The Krone mountain winter: *rhythmic*

From Fantastic Days at the beginning of the season all the way to Tanzcafé Arlberg at the end - winter in Lech is one long dance, a dance on and in the snow. Light and breezy on soft powder snow; drawing sweeping circles on the perfect slopes; following the three-four time of the music or your own rhythm while skating; slow and relaxed on groomed wintery paths, faster and horse-powered on a sled.

The event calendar: *legendary*

Events are a part of Lech just like Omeshorn, Huber Hus and - very soon - the two new structures "Lechwelten & Dorfhus"; two architectural gems which, together, form the new alpine and modern meeting place of Lech. With a brand mall and an event space that will host some of the events. The traditional Christmas market with handicraft, tasty Christmas treats, and musical performances stays true to its historical village-square style.

The idleness:

restful

Head out to Wasserschlössl and let the lightness carry you away - in the pool's warm waters, the pleasant tepidarium or on one of the luxurious loungers. The fragrant aromatic steam bath transports you to a pasture of blooming herbs; the steam sauna makes you invisible; the fleur-de-sel body scrub or an exclusive facial treatment are both relaxing and rejuvenating and they gently release you back into the here-and-now. Where you can enjoy that lovely glow while you look forward to the next sensual treat.

The gourmet dinner: *exquisite*

*Included in daily rates and
package deals in winter*

Distinguished with forks and toques by Falstaff and Gault Millau - a daily taste explosion for your palate: the authentic taste of ingredients refined with curiosity, courage, and the sophisticated skill of our kitchen staff. Six courses; each one a tasty composition; an interplay of elements that forms a stunning, culinary masterpiece. Vegan guests say the same of the five-course meal that's on our menu every day. And, for a welcome change: fondue night in our Zirben-parlour.
